

# Helping leaders *expand, align, & grow* their impact.

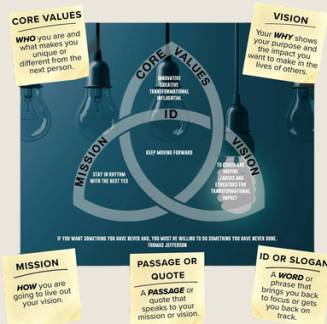

Employees today often feel disconnected from their purpose. Wildfire Leadership helps them **expand their vision, align their strengths, and grow into high-impact leaders** through the Mission Portrait and 7 Igniters frameworks

## Our Framework

### 01

#### MISSION PORTRAIT

A personalized visual guide that helps employees stay focused on their **core values and goals**. It provides clarity and direction, allowing them to expand their understanding of what matters most.

### 02

#### 7 IGNITERS

This framework takes employees through seven stages of self-discovery, goal-setting, and action planning. It equips them with practical tools to build structure, set meaningful goals, and stay on track toward their dreams.

## OUTCOMES

### Expand Their Vision

Employees gain a deeper understanding of their strengths, values, and contributions.

### Build Resilience

Our tools help employees overcome challenges, staying focused on their purpose and personal roadmap.

### Grow into Purpose-Driven Leaders

Employees leave with a concrete plan for their future—whether they're pursuing professional development, advancing within the company, or exploring entrepreneurial opportunities.

Uncover Purpose. Unleash Potential

## Measurable Impact

Keller Trucking completed the Mission Portrait process as a company and proudly installed it in their office as a daily reminder of their shared vision and purpose.

# Uncover Purpose, Unleash Potential

Empower your leaders and teams to align their strengths with the company's mission—creating clarity, boosting engagement, and increasing performance. Uncover purpose by equipping your leadership team with the tools and strategies they need to overcome challenges, improve collaboration, and drive results. Unleash potential by developing a purpose-driven culture that fosters innovation, strengthens teamwork, and fuels long-term organizational success.

*Before Wildfire Leadership, only 13% of employees had clarity around their purpose at work.*

*After implementation, 92% reported clarity and renewed purpose.*
